

VACANCY

TRAINER: SOLAR EQUIPMENT INSTALLATION AND MAINTENANCE

Swakopmund – Giessen Community and Skills Development Project, is a partnership between COSDEC and Swakopmund Municipality and the City of Giessen- Germany. This project is funded by the NAKOPA project for two years. The project is looking for a TVET Trainer for National Certificate in Solar Equipment Installation and Maintenance (Level 1 and 2)

Position: TVET-Trainer (**24 Months Contract, Renewable based**)

Location: COSDEC, Swakopmund, Namibia

Duration: Full-Time

Key Responsibilities:

- Develop and deliver engaging and interactive training sessions for Level 1 and 2 students.
- Prepare lesson plans, instructional materials, and practical exercises.
- Assess students' progress through assignments, exams, and practical evaluations.
- Provide mentorship and support to students to enhance their learning experience.
- Stay updated with industry trends and advancements in solar installation and maintenance.
- Ensure adherence to COSDEC Swakopmund's academic and administrative policies, as well as those of NAKOPA Project.
- Maintain accurate records of students' performance and attendance
- Engaged in other solar related projects as required by the partnership.

Qualifications and Experience:

- National Diploma or higher qualification in Renewable Energy, Electrical Engineering, or a related field.
- Certified trainer or assessor in TVET with a focus on solar installation and maintenance.
- Minimum of 3 years of practical experience in solar installation and maintenance.
- Proven experience in teaching or training, preferably within a TVET setting.
- Strong knowledge of solar energy systems, including installation, troubleshooting, and maintenance.
- Excellent communication and interpersonal skills.

Desirable Attributes:

- Passion for renewable energy and sustainable practices.
- Innovative teaching methods and a commitment to continuous professional development.
- Experience with competency-based education and training (CBET).
- Strong organizational and time-management skills.
- Ability to inspire and motivate students.

Benefits:

- Competitive salary and benefits package.
- Travelling opportunities to Germany
- Opportunities for professional development and career advancement.
- Supportive and collaborative working environment.

Interested candidates should submit their application letter, resume, and certified copies of relevant qualifications to the **Centre Manager, COSDEC Swakopmund** at cm@swakop.cosdec.org.na and trainingco@swakop.cosdec.org.na or hand deliver it at the main campus behind Mondesa taxi rank. Please include "TVET Trainer - Solar Installation" in the subject line of your email.
